Statement on the Current Situation in the Ukraine

The Sinfonieorchester Basel comments on the current situation in the Ukraine:

"We are alarmed by Russia's brutal attacks on the Ukraine. This war on European soil is also an attack on peace and democracy in our world. Our sympathy goes out to all the people in the Ukraine and to the victims this brutal war has already claimed. It is all the more important to strengthen and unite our international community through the power of art. The Sinfonieorchester Basel stands in solidarity with the people in the Ukraine, with those who are suffering and have to experience this inconceivably cruel time. Our thoughts are with them."
